Thanksgiving services

"Thankfulness -- A Measure of Maturity," is the sermon theme for the Union Thanksgiving Day Service, Nov. 26, 10 a.m. at the First Mennonite Church, 379 N. Campus, Upland

The Reverend Al Engle, pastor of the San Antonio Heights Baptist Church, will give the sermon based on Philippians 4.6-7.

The Reverend Kenneth Rusdahl, pastor of Grace Lutheran Church, will read the scripture lesson and offer the prayer. A vocal ensemble from the Brethren in Christ Church will sing "All Hail the Power of Jesus' Name" by Ellar, and "Thee God, We Praise" by Sibelius. The Nazarene Church is also providing a vocal duet number. Organist is Lucille Keeler.

The annual service is sponsored by the Upland Ministerial Association. An offering for Community Ministries of the Red Cross and Salvation Army will be received. The public is invited to join in this service of worship on Thanksgiving Day.

City may aid jobless

The Upland City Council has endorsed the Chamber of Commerce program to provide job opportunities for the disadvantaged and may join the program.

Elwin Alder, city manager, has been asked by the council to check the advisability of having the city enter the program. He will advise them of his findings at their Dec. 7 meeting.

The program is the National Alliance of Businessmen's program, JOBS (Job Opportunities in the Business Sector). A Department of Labor program, it is designed to get private industry involved in providing job opportunities for the unemployed.

Mountain areas reseeded

Reseeding of 223,000 acres of watershed burned over in the October Myers fire has been completed to help forestall winter flooding.

stall winter flooding.

The massive effort, termed the "most extensive" in California watershed history, included 34,346 acres from Cajon Pass to the San Antonio Canyon. Cost of the local operation was estimated at \$58,000.

Approximately 1.75 million pounds of seed was used, according to State Conservation sources. The federal government is expected to provide most of the funds of the project.

Projects approved

Working drawings and sepcifications on two projects at Chaffey College, Alta Loma, have been put on order by the Board of Trustees.

The action followed a notice from the Community Colleges Chancellor's Office that the State Public Works Board has approved the projects as part of the 10-Year Capital Outlay Program at the college.

The projects and their estimated costs are construction of an art patio addition, \$30,808, and business education academic offices, \$44,813.

Authorized to submit drawings and specifications were William E. Blurock Associates, Corona del Mar, for the patio addition and Harnish, Morgan & Causey, Ontario, for the academic offices.

The customary fee for architects is eight per cent of the cost of construction.

Regina-Heublin merger told

Agreement has been reached for a merger of Regina Grape Products Co. of Etiwanda with the Heublein Co. of Hartford, Conn., a food products firm.

Announcement of the change came from R. E. Browne, secretary and general manager of the local winery.

Regina was established in 1917. Owner and president of the firm is John B. Ellena of Upland. He is also president of the Cucamonga Vintners and Growers Association and a member of the board of directors of the California Wine Institute.

The winery is located on Base Line between Haven and Etiwanda Avenues in Etiwanda. It has been noted as the site of the annual Labor Day grape and wine stomping festival and as the home of the world's smallest horses, the Lilliputians from Argentina.

They've got your number!

Thanks to the "Student Work Services" group it will be easier to find certain street addresses in Upland in the near future.

The "Student Work Services" group has undertaken to paint house numbers on the curbs of all houses in Upland within the next month or so. Starting in the northeast sector of Upland, house numbers will be painted using black paint on a reflective white background.

Residents will be contacted by members of the "Student Work Services" group for a donation to their organization upon completion of the painting of their area. Any resident noting an incorrect numbering of his home should report the fact to the City Manager's Office at 982-1352 immediately so that the error can be rectified.

The curb numbering project will commence on Nov. 23, The "Student Work Services" is composed of volunteer students from nearby colleges who earn money by projects such as this one.

A happy Thanksgiving to all

The prime ingredient

Mrs. Ralph Almquist, a member of the Upland Woman's Club, produces the traditional main course for each Thanksgiving since the first one . . . a turkey. Dressed similarly to the

Pilgrims who, with the American Indians introduced the First Thanksgiving, she poses in the old kitchen at the Chaffey Communities Cultural Center in Upland.

That's the song they used to sing, and that's what they used to do. A pleasant custom, with special meaning, which dates back to the year 1621. Many of the traditions of Thanksgiving Day were handed down from that first festival, celebrated on Dec. 13. The day had been set aside in the Plymouth Colony by Governor William Bradford as a time for being thankful and showing gratitude for God's bounties, which the Pilgrims received in a land of hardship and struggle.

The wild turkey that were hunted in the forest then were the great-great-grandfathers of the birds appearing on our holiday tables. Indian pudding, a sort of custard made with corn meal, is often served as a dessert. Squash and pumpkins still go into pies for our traditional feast. The cranberries that once grew wild in New England are made into sauce.

To decorate our tables, dried corn ears, fruits and other foods appear, just as in 1621.

On that day long ago, fires were watched over by boys in knee breeches of deerhide, who tugged at a rough forked branch that formed a pit for the meat. While nearby, men were building tables of logs. Women and girls were busy, pushing great paddles loaded with pies into outdoor ovens. The smallest children helped by grinding yellow corn into coarse meal.

As the families worked to celebrate the gathering of the harvest, they were saddened to remember that more than half of their original number had not survived the year of severe hardships.

Then suddenly at the edge of the forest there appeared a line of painted Indians. As shouts of welcome rang out, the Indians came, carrying wild turkeys and deer haunches. These were the friendly Indians who had helped the Pilgrims to settle in their new home, which was far different from their former one in Massachusetts.

Governor Bradford spoke for all when he set aside a time of Thanksgiving to God on that day. For three days the colonists and Indians feasted, sang, and said prayers of thanksgiving. Elder Brewster conducted the church service among the loyal band of 55.

The 90 Indians who joined the Pilgrims were led by King Massasoit.

It is quite possible that the idea for Thanksgiving Day presented itself through any one of three sources. First, the English had, in one course of history, observed various days of thanksgiving. Guy Fawkes Day had originally been such a day, proclaimed after the uncovering of the famous Gunpowder Plot in 1605.

Another influence may have come from Holland, where the settlers first went in flight from England. The Pilgrims were probably grateful to the easy-going Dutch for their gracious acceptance of them.

The Indians, too, possibly reminded the colonist to be thankful,

since history tells us most tribes observed times of thanksgiving.

For us, as for those early settlers, Thanksgiving Day is a time to rejoice in our blessings, and to give thanks to God for them.

ginning Dec. 1. Since many of the 520 children are Mexican -American, the committee decided to push voter registration in Spanish as well as English and to urge the Mexican-American parents to sign up. Committeemen are composed of both Mexican-American and Anglo members.

Transportation and babysitting will be provided during registration which will take place in homes over coffee and conversation. Two mothers from the school, Mrs. James Turner and Mrs. Ernest Rivera, will be sworn in as registrars when the registration begins.

It is important for both the Anglo and Mexican-American to be registered so that they can make their feelings known through voting," said Mrs. Alphonso Ruiz, one of the concerned parents who is actively backing the drive.

Tomorrow is Thanksgiving, the day each year set aside to specifically give thanks, or express gratitude, for what you have materially or spiritually.

I am thankful: Because I can worship my God and His son Jesus Christ each Sunday and during the week as I desire without fear of repression or reprisal;

Because I have a fine husband and a healthy, sweet daughter; Because I have a job that interests and stimulates me, and helps me to meet

Because I have a popular interested people;
Because Americans, locally and nationally, are beginning to care about their environment and the ecological heritage we are bequeathing our children and

grandchildren, and are doing something about it;

Because young people care about the life they are living and want to do

something about it; Because adults as a whole are listening to the concerned young people who also have some ideas about solutions, not just dissolution, of our society; Because I have friends of many nationalities, creeds, origins, and I find in all of them something that helps me realize that there is a 'brotherhood of man'.

May God bless you all today, and every day.

The world of trolls and magic is still with us at Upland High School as drama students act out Norwegian Folk Tales, Dec. 2 and 3 at 8 p.m. on the Upland High School backstage area.

'Three Billy Goats Gruff' will open the program that will also be presented to several local elementary schools during the school day, U.H.S. drama students will go on tour to present "The Boy Who Went to the Northwind," "Freddie and His Fiddle," "The Stepsisters," and "Why the Sea is Salt.

The performers come out on a bare stage and speak not only the dialogue in each story, but also the narrative passages. There is very little tampering with the original text. The stage is filled with trolls, talking animals, and wishes made to come true.

The production is directed by drama instructor Phillip Auth and styled after the now-famous Story Theater that made such a hit at the Los Angeles Music Center. The production uses Norwegian folktales that reflect the tremendous imagination of the people as well as their independence and self reliance.

Electricity is vital to your way of life.

So is a healthy environment. At Edison we're working to bring you both.

Can you picture living without electricity? Shut it off and you shut down elevators, traffic lights, computers, radios, TV sets and refrigerators. You'd also shut down most factories.

Electricity is one energy we cannot do without. Fortunately, electricity is clean, flameless, odorless and doesn't create byproducts of combustion at its point of use.

The production and distribution of electricity does have some effect on the environment we share. Everything man does has some effect. But if we failed to supply electricity for the factories, farms and homes in the 14-county area we serve in Central and Southern California, the impact on all our lives would be devastating.

At Edison, two of our major goals are to continue to provide a reliable supply of electricity and to work to improve the environment with relation to our generating plants and other facilities. Edison has been doing both since the early 1900's.

One example is the vast Big Creek Hydroelectric Project in the High Sierra. Here Edison built a network of dams and lakes to trap the melting snows. This water now spins the turbines that generate electricity for hundreds of thousands of our customers.

As well as supplying electricity, "Big Creek" provides a vacation paradise for the public to enjoy, complete with campgrounds, man-made lakes, and streams well-stocked with trout.

Moreover, "Big Creek" means flood control and irrigation water for the farmlands of the San Joaquin Valley below.

Water was once the primary source of

lution, but when fuel is burned in power plants, certain by-products of combustion are released into the atmosphere. This is true when burning gas or oil in power plants, gas in homes, or gasoline in autos.

tric energy.

To minimize by-products of combustion from our power plants, Edison has been working for many years in many ways. For example, Edison launched extensive air pollution research programs over 15 years ago. We were among the first companies in the nation to activate such programs and have

power used to spin the turbines that gener-

ated electricity for Central and Southern

California. But after most feasible hydroelec-

succeeded in making significant reductions in emissions from our power plants. We are working to reduce them even further.

We believe generating electricity at nuclear power plants is another effective way we can help to improve the environment. In a nuclear reactor there is no combustion, so there are no by-products of combustion.

Therefore, we plan to build additional nuclear units. Two are scheduled for operation in 1976 and 1977 at the San Onofre Generating Station near San Clemente. Thereafter, the only major generating facilities Edison plans to build in Southern California's South Coast basin are nuclear

By applying recent developments in pollution control, emissions from Edison's fossil-fuel plants have been substantially reduced, including a significant reduction in nitrogen oxides.

Greatest Gift' stars at Chaffey planetarium

"The Greatest Gift", a continuous Christmas program, has been slated for Tuesday, Dec. 1 through Dec. 18 in Chaffey College's planetarium.

The program features two color-slide shows, one based upon the Shel Silverstein book, "The Giving Tree", and the other keyed to the Charles Tazawall recording "Lullaby of Christmas."

The tandem presentations in the Daniel B. Milliken Planetarium will be from 9 until 11 a.m. on week days for school children. There will be re-runs at 6:30 and 7:30 on Tuesday evenings for the general

public.

Audio for "The Giving Tree", with appropriate background music, consists of the taped voices of taped voices. alumna Sandra Theall, Upland, and students Sheila Smith, Ontario and Edwin Simpson, Montclair.

Gregory Peck's is the voice in the recording of "Lullaby for Christmas", which was authored by the creator of "The Littlest Angel". Music for the

Tazewell platter was composed by Charles Paul and sung by the Ken Darby Choir under the direction of Victor Young.

Children in attendance will receive candy canes at the end of the program, courtesy of the office employes of the college.

Producer of the program is planetarium coordinator Robert M. Lober with the assistance of secretary Betty Bryant.

Lober said that if demand proves great enough, the program will be slotted for the third showing at 8:30 p.m. on Tuesdays. Organizations may block-book the program for week-day afternoons by special

arrangements with the planetarium staff. Individuals and group reservations may be made by calling 987-1737, 822-7456 or 626-9811, extension 275, between the hours of 7:30 a.m. and 4 p.m., Mondays through Fridays.

Want to help?

Want to become involved and help people? Many of the youth whose families are receiving public financial assistance lack significant opportunity to explore what they want to do with their futures, Too often they fall into the cycle of marginal employment and dependence on public assistance simply because

they are not aware of opportunities open to them. The Pomona District of the Department of Public Social Services has, in response to this problem, created a Career Counseling Service staffed entirely by volunteers. The goal of this Counseling team is to match a student with a corresponding adult volunteer on a one-to-one basis so that career counseling can take place on a more personal and relevant level.

A youth who wishes to be a teacher, for example, will be paired with a volunteer teacher who will serve as a model, as well as an educational-vocational resource person, for the youth. The total process involves initial interviewing and

screening of the youth as well as matching youth with resource persons. Those interested in aiding in the process of interviewing or in being a resource person should contact Judi Janzen at 623-8822.

ROADWAY IMPROVEMENTS IN CENTRAL AVENUE BE-PALO VERDE TWEEN STREET AND SAN BERNAR-

DINO STREET RECEIPT OF PROPOSALS: Sealed proposals will be received at the office of the City Clerk, City Hall, Montclair, California, until 10:00 o'clock A.M. on Monday, December 21, 1970, for the furnishing of all plant, labor, materials and equipment for the construction of Select System Project No. 94. The words "Bld: Select System Project No. 94" shall appear on the envelope of each sealed bid and each envelope shall be addressed to the City Clerk, City Hall, Montclair, California. The proposals will be publicly opened and read in the Council Chambers, 5111 Benito Street. Montclair, California, at 10:00 A.M. on the date above men-

DESCRIPTION OF WORK: The entire work is contained in a single bid schedule. The work consists of street improvements including A. C. pavement, curbs and gutters. a storm drain system including a catch basin, sidewalk, and median islands.

COMPLETION OF WORK: All work shall be completed within forty-five (45) calendar days after the date of the execution of the contract by the City.

OBTAINING CONTRACT
DOCUMENTS: Plans and
specifications and all contract documents may be obtained at the office of the City Engineer, City Hall, 5111 Benito Street, Montclair, Cali-fornia. A deposit of \$5.00 for each set of specifications with accompanying drawings will required. This deposit will be refunded on the return of the contract documents in good condition within thirty (30) days after the proposals are opened. The specification is entitled "Specification for the Construction of Select System Project No. 94, Roadway Improvements in Central Avenue between Palo Verde Street and San Bernardino Street."

PROPOSAL GUARANTEE: Each proposal must be accompanied by cash or by a cashier's or certified check or by a bid bond in the amount of ten per cent (10%) of the amount of the bid price, made payable to the order of the City Clerk of the City of Montelair, as a guaranty that the bidder, if the award is made to him in accordance with the terms of his proposal, will promptly execute contract in the required form, secure payment of workmen's compensation insurance, and furnish a satisfactory faithful performance bond and a labor and maerial bond. The faithful performance bond shall be in the sum of not less than one hundred per cent (100%) of the estimated aggregate amount of the payments to be made under the contract, computed on the basis of the prices stated in the proposal. The labor and material bond shall be in the sum of not less than fifty per cent (50%) of the estimated aggregate amount of the payments to be made under the contract, computed on the basis of the prices stated in the proposal. In addition to the above and if requested by the City, the bidder shall furnish a financial statement of recent date. Failure to comply with this requirement will render a bid informal and shall be sufficient cause for rejection.

WAGE RATES: Pursuant to applicable provisions of the Labor Code of the State of California, not less than the general prevailing rate of per diem wages including legal holidays, and overtime work for each craft or type of workman needed to execute the work contemplated under this agreement shall be paid to all workmen employed on the work to be done according to this contract by the Contractor, or any Subcontractor shall be deemed to include employer payments for health and welfare, pension, vacation, and similar purposes and shall be in addition to the prevailing hourly rate adopted by the Coun-cil of the City of Montclair.

OWNER'S RIGHTS RE-SERVED: The City Council of the City of Montclair reserves the right to reject any and all bids, to waive any informality in a bid and to make awards as the interest of the City may require. This notice is given by order of the Council of the City of Montclair,

SD Saints end season, 6-3

SAN DIMAS -- The San Dimas Saints closed out their first football season ever with a very respectable 6-3 record, after rolling over La Sierra at Bearcat Bowl Saturday night 25-14.

Wayne Moses, their stellar running back, lit-erally crushed the La Sierra defenses as he scored TD's on short first and second quarter runs, kicked one PAT, rushed for 164 yards in 20 carries and sparked the Saints to victory. Moses has led his team well throughout the season.

QB Steve Barnard rounded out San Dimas' scoring 39 seconds after the final frame opened when he threw a stunning 55 yard TD pass to another outstanding Saint, Jeff Nelson.

The Saints had 9 first downs to their opponent's 6. Barnard was 3 for 9 for 62 yards in the air, and La Sierra hit 6 for 13 and 73 yards, but three damagain interceptions spelled doom for any chance of victory.

The two types of candy to be sold will be "Polly Doodles," a box of 15 candies made of chocolate, cashews, pecans, and caramels which will be sold for \$1 a box, and milk chocolate bars containing a quarter-pound bar of milk chocolate filled with whole roasted

almonds to be sold for 50¢ a bar. The candy is made by the Chocolate Company of America. The goal set for the sale is \$500.

The students in charge of the sale are the freshman class officers: Anthony Lugo, president; Paula Daily, vice-president; Christina Romo, treasurer; and Sherri

Cannon, secretary. Advisors for the sale are Norm Brintnall, Bill Chapman, Miss Madaline Patane, Jon Rickard, and Miss Maria Rodriguez.

Postmaster appointments

Post offices in the Upland-Etiwanda - Mt. Baldy - Claremont areas are to receive postmaster appointments from the federal government before Christmas.

Presently the four post offices have been manned by officers - in - charge, rather than postmasters. All officers - in - charge are expected to be named postmasters.

Recently, Postmaster General Winton M. Blout announced in Washington, D.C. that steps will begin "immediately" to fill the approximately 5,000 postmaster vacancies across the nation.

"For the first time," Blout said, "postmasters will be appointed on the basis of qualification with out regard to political influence."

Presently occupying the positions of officersin-charge who are to be named postmasters are Charles L. Welch, Up-land; Mrs. Pat Batchelor, Mt. Baldy; John Solberg, Etiwanda who also serves as an Upland carrier; and Harry Lawrence who has served as of-

Phone rates rise

West End telephone rates will go up Christmas Day.

A \$2.2 million raise in phone rates by the Santa Monica based General relephone Company has been approved by the state Public Utilities Commission (PUC) it was anhounced recently.

The new rates will become effective on Dec. 25 and will range from 10 cents to 50 cents per month. A company pokesman said costs for regular one - party service will be increased by 15 cents per month.

Originally General Telephone had requested \$4.4 million increase but the PUC refused this request.

Ten cents a month will be added to bills for one party residence message rate service, two party residence and suburban

service. One party business rate service will be raised by 30 cents a month and one party business messagerate service and two pary business service by 25 cents a month.

General Telephone serves the area from Inplio to the east to West Covina in the west.

Mayfair won't leave you with a half-filled stampbook! Blue Chip Stamps are something you sort of take for granted when you do your grocery shopping. In fact you take them so much for granted that you might not even notice when your market stops

giving them. You get home. Unpack all the groceries. No stamps. So next week you ask and are told they are no longer giving them. There you are with your half-filled stampbooks and half-filled dreams and you know the stamp people won't give you half a percolator or half a scatter rug. Well, Mayfair still gives stamps ... Triple Blue Chip Stamps with the above coupon. You see ... stamps don't cost much. No matter what some folks would have you believe. Blue Chip Stamps cost us about 15c on a \$10 sale. In other words, the price of a jar of mayonnaise doesn't change a penny with or without stamps. What it really means when a market takes the stamps away is that something else is about to go away too. Sometimes its service. Sometimes hours. Sometimes your choice of brands. When you're asked to save on your own for those things you need around the house a funny thing starts to happen. The small change doesn't add up like the of stamp books used to. When the chips are down, just remember, Mayfair is still chipping in . . . with Triple Blue Chip Stamps. It pays to save

In the 1970 school year fashion will play as important a part away from Alta Loma High, as it will in class. Since midsummer those leaders of the Bannerettes, Drill Team, Majorettes, and other band girls have been busy making sure this year's members are nicely dressed during parades and after parades.

ual

The Bannerettes, who carry the banners and flags which announce and identify the marching band, chose their marching uniforms in conjunction with the majorettes.

They are made of silver and blue "eyelash" and are a simple style. A silver tunic with blue panel falls to the hipline where silver and blue petals form the skirt. The silver petals are placed at the hipline with the blue filling the gap created.

Paula Logan, and Lynn Alexander, leaders of the majorettes and the bannerettes chose this pattern. As of yet, traveling uniforms have not been chosen for the Bannerettes.

The majorettes, a team of five, designed their marching uniforms in blue "eyelash" with a silver panel and silver petals underneath the blue. The front panel is accented with red sequin trim on either side, and matching red tiaras are worn.

The traveling uniforms chosen are tunics of royal blue loop-knit fabric worn over white loop-knit shorts. The waist is formed with elastic, and the side seams are open to the waist, exposing the shorts.

Other group uniforms include camp T-shirts from the College of the Baton at Redlands University, which all the girls attended in August. Future traveling uniforms will be sunsuits of white and red, the new accent color added to brighten the band's show-

For the first time in A. L.'s history, girls in the championship marching band have chosen traveling uniforms. The style was cosen by the majority of the girls at a meeting led by Sheri Miles.

A culotte dress, adorned by a vest, was the preference. The style took its form in a royal blue fabric. It is semifitted, sporting a shirt-type collar and banded puffed sleeves. A white tie is part of the ensemble as is a simple white tunic-length vest. Each girl's own first name will be embroidered on the vest in royal blue. Matching blue bobby socks and white tennis shoes will be worn to complete the ensemble.

The Drill Team unit looks sharp this year in the traditional royal blue velvet uniform. White fringe decorates the arm and lower skirt; trim is silver sequins. Beaded headbands, holding a single feather, and white mocassins complete the Braves' image.

Captain Lynn Morier and Lieutenant Patti Dennis, lead the team in white velvet uniforms and full Indian headdress regalia.

Traveling uniforms were chosen by the six sergeants: Laurie Hoover, Sheree Grasso, Vicki Ryder, Randee Evans, Peggy Thomas, and Susan Houtz.

It is light-blue denim.
A simple sleeveless Vneck jumpsuit with white
vertical stripes is worn
under solid light blue jackets, which sport a Vneck and square pockets.

With all the girls prepared so nicely for the 1970-71 school year, the marching band hopes to present an enviable show.

Pot sale preparation

More than 600 pieces of pottery will be offered for sale by the ceramics students of Cal Poly, at their seventh semi-annual pot sale, December 2, 3 and 4, 8 a.m. to 9 p.m. in the college library. The sale is open four hours longer every day than it was last year; new items have been added to the traditional pot offerings jewelry, etchings and engravings, and metal sculpture; and proceeds have increased tenfold - from \$300 in the first 1967 sale to \$3,000 in the May 1970 sale. Eighty percent of the income from each item goes to the artist whose work it is; the remaining 20 percent is donated to the art scholarship fund. Customers at the Cal Poly sale will find something at almost every price level. Students will continue their traditional feature of offering some free items. From there the prices will go as high as up to \$100 per.

Forest Service reseeding

An intensive volunteer reseeding program is being coordinated by the U. S. Forest Service, To date approximately 300 acres of denuded slopes have been hand planted. Donations to the Forst Service have been used to purchase seed for the Emergency Rehabilitation Program. Among the donors were the Natural Beauty Program of San Bernardino, the Senior Class of Eisenhower High School in Rialto, and the County Board of Supervisor's wildlife propagation fund.

The bare slopes left by the recent disastrous fires pose a tremendous threat to life and property from excessive flood runoff and debris. Wildlife species such as deer, bighorn sheep and quail have been left without food

and cover. Perennial grasses and native shrubs are being planted for erosion control and to provide food and cover for wildlife. Wildflowers will also be planted.

Individuals and groups interested in making donations or participating in the reseeding program are urged to contact William Johnson at Lytle Creek Ranger Station, 887-2576.

Last weekend a group from the University of California at Riverside, organized by the Com-muter Club seeded a large area in San Sevaine Flats. Other groups participating included the Kaneno District Boy Scouts and the National Guard.

Engagements

Reeder Hanna

The engagement and approaching January marriage of Christine Reeder, daughter of Mr. and Mrs. Glenn M. Reeder of 435 Deodar St., Ontario and Rob Hanna, son of Mr. and Mrs. R. Gene Hanna, 1555 N. Oakland Ave., Ontario, has been announced.

Miss Reeder attended Chaffey High School and graduated from Sing-Out High School while traveling with the national cast of Up with People. She attended Chaffey College and Cal Poly, Pomona. She is a secretary at the Upland Chamber of Commerce.

Hanna graduated in 1967 from Chaffey High School, where he was senior class president and graduation speaker. He is a senior at California State College at Fullerton where he will receive his degree in both political science and philosophy in June. Following graduation he plans to enter law school.

SCE heritage cooking class

Many different food preferences and customs were brought to the New World by the early colonists. Out of them all, a truly American style of cooking has developed. Southern California Edison Company will present an "American Heritage" program complete

with up-dated heritage recipes. This program will be presented by Jan Wirgler, Home Economist, on Dec. 1 at 1 p.m. and Dec. 2 and 3, at 10:30 a.m. at Upland Lumber Company, 85 N.

Euclid, Upland, The tradition of each national group is still strong and recognizable, especially on a regional basis, but all have been modified to cope with a new environment, new resources and lack of old ones. All followed the same pattern of adaptation.

ed, notice is hereby given that the application of Kipp Pritzlaff and William E. Sullivan d/b as KIPPCO, for a new FM station in Upland, California, Newell Broadcasting System, Inc., Manuel G. Martinez and Dick Clark Television Productions, Inc., for new FM stations in San Bernardino, California, and Major Market Stations, Inc., for a new FM station in Corona, California, were designated for evidentiary hearing by the Federal Communications Commission. All applicants propose operation on the frequency of 95.1 mHz. The bearing is scheduled to commence on January 13, 1971, at 10 a.m. in the offices of the Federal Communications Commission, Washington, D.C., on the following issues: to determine the amount required by Major Market Stations to construct and operate its proposed station for one year without reliance on revenues, and whether it has available to it sufficient funds in addition to the \$17,600 shown in the application for this purpose to thus demonstrate its financial qualifications; to determine whether Manuel Martinez has available to him the \$54,420 required for construction and first-year operation of his proposed station without reliance on revenues to thus demonstrate his financial qualifications; to determine the effort made by Major Market Stations to ascertain the community needs and interests of the area to be served and the means by which the applicant proposes to meet those needs and interests; to determine the efforts made by Newell Broadcasting System to ascertain the community needs and interests of the area to be served, and the means by which the applicant proposes to meet those needs and interests; to determine the efforts made by Manuel Martinez to ascertain the community needs and interests of the area to be served and the means by which the applicant proposes to meet those needs and interests; to determine the efforts made by Dick Clark Television Productions, Inc., to ascertain the community needs and interests of the area to be served and the means by which the applicant proposes to meet those needs and interests; to determine the efforts made by Kippco to ascertain the community needs and interests and the area to be served, and the means by which the applicant proposes to meet those needs and interests; (a) to determine whether, and, if so, the extent to which Manuel Martines participated in an authorized transfer of control of station. KSFV San Fernando, California, during the period 1965 through 1967 in violation of Section 310 (B) of the Communications Act of 1934; (b) to determine whether, durer o station KSFV, Manuel Martinez was responsible for technical violation of the Commission's Rules and whether, and, if so, the extent to which Manuel Martinez specifically directed the falsification of the station's logs; (c) to determine whether, during his tenure as manager of station KSFV Manuel Martinez entered into time brokerage contracts on behalf of the licensee of that station in violation of section 1.613 of the Commission's Rules in failing to file said contracts; (d) to determine, on the basis of evidence adduced, pursuant to the foregoing issues, whether Manuel Martinez possesses the requisite qualifications to be a broadcast licensee; to determine the areas and populations which would receive FM service of one mv/m or greater intensity from the respective proposal together with the availability of other primary aural services in such areas; to determine, in the light of section 307(b) of the Communication's Act of 1934, as amended, which of the proposals would best provide a fair, efficient and equitable distribution of radio service; to determine, in the event it is concluded that a choice between applications should not be based solely on considerations relating to section 307(b) which of the proposals would, on a comparative basis, best serve the public interest; to determine in the light of the evidence adduced pursuant to the foregoing issues, which, if any, of the applications for construction permit should be granted. off the market.

Major consumer groups across the country are being asked to join in a concerted ef-fort to defeat the trade bill (H.R. 18970) now pending before Congress, according to Mrs. Ned Carter, president of the League of Women Voters of West San Bernardino County.

The appeal came in a strongly-worded letter signed by Lucy Wilson Benson, president of the national League of Women Voters, Betty Fur-ness, Chairman and Executive Director of the New York State Consumer Protection Board and former Special Assistant to the President for Consumer Affairs, Bess Myerson Grant, Commissioner of Consumer Affairs for the City of New York, and Willard Wirtz, former Secretary of Labor. The letter alerted national, state and local consumer groups of the inflationary aspects of the pending legislation and the need for their help in defeating it.

The signers warned: "Congress is now considering a trade bill which Virginia Knauer, the President's Special As-sistant for Consumer Affairs, describes as 'the most significant anticonsumer legislation now in Congress. The legis-lation would have a disastrous direct effect on the American consumer by raising prices and by limiting imports of lowcost products . . . We hope you will let Congress know that the consumer movement of America will defend the interests of consumers wherever they are under attack."

The group pointed out that the three major items -- textiles, shoes and oil -- affected by the proposed quota system are ones which are everyday necessities for millions of Americans, Particularly hard hit by quotas would be low income families who would either have to pay higher prices for imported shoes

Selling like hotcakes'

"The proverbial pan-cake had nothing on us," says State Parks and Recreation Director William Penn Mott Jr. "A little over a month ago we put on sale a booklet containing ten \$1 tickets, each good for one night of off-season, non-reserved camping at most state park campgrounds. The response was so overwhelming that we had to double our original order of 10,000 booklets (100,000 tickets), and are eyeing still another printing.

"People are beginning to realize," he explained, 'that some of the best opportunities for camping and other forms of outdoor recreation occur out of the regular season. Except for our high mountain parks and the desert parks, we enjoy beautiful weather almost year round.

"Also," he added, "the parks are less busy then. and by making the offseason camping tickets available we hope to encourage more use of our state parks during these periods.

The tickets are good from October 1 through February 28 at all nondesert state parks except Doheny, San Clemente, San Elijo, and South Carlsbad State Beach campgrounds in Southern California.

For desert parks, the tickets are good from June 1 through September 30. Desert parks are Anza-Borrego Desert, Joshua Tree, and Mitchell Caverns State Parks; and Salton Sea and Picacho State Recreation Areas.

The ten-ticket booklets may be obtained at the parks or by visiting or sending a \$10 money order to The Reservation Office, State Department of Parks and Recreation, 1416 Ninth St., Sacramen-to 95811. The tickets may not be used in payment for reserved campsites.

Catch a Rainbow -- trout

A thousand pounds of beautiful rainbow trout were planted in the middle lake at Glen Helen Regional Park, several trophy trout, weighing from 3-1/2 to 5 in preparation for the official opening of the trout season at Glen Helen recently.

Several thousand pounds of trout will be planted during the trout season, so that the fishermen in the inland Empire, with a little luck and skill, can experience the thrill of catching a fighting trout.

A State of California freshwater fishing license with trout stamp is required for the adult fisherman at Glen Helen. Juniors under 16 years of age do not require a California fishing license. Trout permits are sold at Glen Helen at the entrance gate office.

The adult permit is \$2, entitling the bearer to 5 trout. The junior permit is \$1, entitling the bearer to 3 trout. These trout permits are good only for the day that they are purchased.

pounds. These trophy rainbows, when caught, will be weighed and the fisherman's name recorded. A trophy will be awarded to the adult and junior fisherman catching the heaviest trout. The first award will be made on Sunday, January 3, 1971.

During the trout season, the Regional Parks Department is planning two trout derbies. The first of these derbies will be held during the Thanksgiving Holiday, starting November 26, and ending Sunday, Nov. 29, at 3 p.m. Trophies and prizes will be awarded the Derby Winner in the adult and junior divisions.

Glen Helen caters to family outings and provides lots of picnic tables and charcoal broilers and 500 acres of park to explore.

JENNY KIRKPATRICK

Thanksgiving 1970 As you sit down to your family Thanksgiving today, I hope this day will be one of the happiest for you and yours. In spite of the woes of our country, we still have a lot to be thankful for. Below are a few of my thoughts on this Thanksgiving Day 1970.

Happy

Thanksgiving

This is a time when it seems that most human energies are devoted to kicking or complaining. It is therefore doubly satisfying to welcome, once again, that good old tra-ditional holiday-Thanksgiving. Giving thanks on the fourth Thursday in November always conjures up a pic-ture of Pilgrims and other early settlers and the legendary hardships they faced in the wilderness of North America.

It is well to remember that North America in the early 1600's was not the United States, and the people who came here then knew only that they were in a hostile wilderness. With this same historical experience, our Canadian neighbors to the north also observe Thanksgiving Day, al-though their day of thanks is the second Monday in October.

At any rate, Thanks-giving Day is a day when the kickers and complainers should make themselves scarce while we take stock once more of the many blessings that

great land we now call the United States. We have material blessings in abundance for which we should duly give thanks. But, our greatest blessings are beyond measuring on the scales of monetary value. Some of these are religious and political liberties, the right to our day in court, the sanctity of homes,

persons and property.

Many of the complainers hold these things in low esteem, perhaps be-cause they take them for granted or are too poor in spirit to appreciate them. Thanksgiving, however, is a day that helps to enrich the lives of everyone, and there is nothing like an old-fashioned Thanksgiving turkey to stimulate ap-preciation of the good things that we are privileged to enjoy.

Praise Him!

Praise Him!

By James Dillet Freeman

I would be thankful when it is easy to be thankful,

and I would also be thankful when it is hard. Anyone can give thanks when his dreams come

but I would give thanks for my dreams --May I always have some

that have not come true. May I praise God in happy

and praise Him in difficulties

that sharpen my powers for yet more endeavors and whet my ardor for yet more life.

Contact Lenses

. . . the amazing new way to see.

About 8 million smart Americans now enjoy the benefits of contact lenses and statistics show that 8 out of 10 who now wear glasses can become successful wearers. If you're interested to learn if they are or aren't for you, we'll make this guarantee: If you and your doctor believe that you can wear contacts we'll make the lenses and assist you during your adaption period. If necessary we'll re-make or modify your lenses as required on the advice of the practitioner. Then if it's decided that you can't wear contacts we'll make you a pair of regular glasses, a pair of outdoor prescription glasses and refund any difference in the cost.

How much should they cost? State law prohibits "any reference to price" in the advertising of ophthalmic materials and services. If you want to know you must request the information

Save our POWs and MIAs--write a letter!

On this Thanksgiving Day we of the Bonita Publishing Co. are saddened to hear that many of the country's servicemen are Prisoners-of-War and Missing-in-Action in Southeast Asia.

We now have a chance to help their cause in this area by conducting a letter campaign throughout the

These letters will be delivered to a North Vietnamese Delegation in Paris during the Christmas Holidays. Please help get as many letters as you can and tell us of any local man in the armed forces who is one of these prisoners.

A copy of the proposed letter is as follows:

THE PRESIDENT DEMOCRATIC REPUBLIC OF VIETNAM

HANOI, NORTH VIETNAM

As an American I would like to express my deep concern over your treatment of Prisoners of War. Being a nation in the world community, you are obligated out of humanitarian considerations to afford those whom you hold the minimum standards of existence. Your ratification of the 1949 Geneva Conventions relative to the treatment of prisoners of war requires you to:

(1) permit neutral inspections of all prison camps publish a complete list of all men you hold (3) release the sick and wounded, and

(4) allow a free flow of mail between the prisoners of war and their families.

the desperate plight of the Prisoners of War, those law. Missing in Action, and their families. Sincerely.

Please mail the letters to Bonita Publishing Co., P. O. Box 2188, Montclair, 91763.

Below are some statements about the condition:

There are 1,600 American servicemen listed as Prisoners-of-War or Missing-in-Action in Southeast Asia, More than 200 of those identified as captured have languished for more than five years in North

Vietnamese prison camps.

One Navy flier began his seventh year of captivity on August 5, 1970. Prior to the Vietnam conflict, the longest any American spent as a prisoner-of-war was three years and nine months. Nearly 500 men are known by our government to be prisoners. Out of the 1,100 listed as Missing-in-Action, only Hanoi or its allies knows their fate.

The men in the prison camps have been subjected to torture, abuse, malnutrition, untreated wounds and disease. They have been humiliated and subjected to

public degradation.
THE GENEVA CONVENTION

Standards for the treatment of Prisoners-of-War are outlined in the Geneva Convention of 1949. The governments of Vietnam, United States and 120 other nations have ratified these Conventions as binding international

Ratifying nations are required to: 1. Allow inspection of prison facilities by an impartial humanitarian body such as the International

Properly and immediately identify all prisoners. Release the sick and wounded.

Provide an adequate diet and medical care to prevent weight loss.

Refrain from subjecting prisoners to mental and physical duress or torture.

Allow a free exchange of mail between prisoners and their families -- two letters and four postcards per month is the minimum.

North Vietnam has failed to abide by the Conventions. They say that since this is not a declared war the Conventions are not binding, However, Article II of the Geneva Conventions states that these Conven-'shall apply to all cases of declared war or to any other armed conflict which may arise between two or more of the High Contracting Parties, even if a state of war is not recognized by one of them.'

The Vietnamese have shown themselves to be sensitive to public opinion, Since the plight of the Prisonersof-War has been publicized, their families have re-ceived more letters in the last 9 months than all of the preceding 5-1/2 years. The North Vietnamese have changed their image of picturing prisoners being beaten and dragged through the streets of Hanoi to that of participating in holiday festivities.

The visitors, however, tied the score shortly thereafter, but Allen retaliated again with a 45yard sprint in the closing seconds of the second quarter, to send the teams to the dressing room with the score 13-7, Bonita. Rancho held the Bearcats

even until, with 3:43 remaining in the game, they shocked Bonita's rooting section by taking a 14-13 lead. But within 3:37 seconds, Thompson, Carter, Shamblin and Company crushed the Vaqs with two devastating TD's.

It required a tremendous effort on the part of the Bearcats to keep their cool, stick to their original game plan, and concentrate on something besides the clock and score board.
Their defense, led by a
great Fritz Sahl, coupled
with the cool Thompson's clutch execution, sent

LA VERNE -- The Bo- Bearcat fans home satisfied but scared.

Two pass interceptions deep in Vaquero territory by Curtis Frick, and one each by tough Phil Aris and Fritz Sahl, came when the chips were down.

Rancho had no long running gainers, but pecked away constantly at the Bonita defenses with modest results. The Bearcats played the bulk of the second half in the shadow of their own goalpost.

The Vaqueros put on a pretty impressive aerial circus that accounted for most of their offensive

Danny Rodriguez' recovery of an onside kick with 2:21 remaining in the game and the lead a slim TD, set up the final TD, as Allen Carter challenged

Carter took the ball six straight times, when everyone in the stadium knew this would happen, and racked up 60 yards on four consecutive carries, with bone-crushing ferocity. The Rancho defenses gave under the assault and

Not one should be surprised to see Carter make High School All American and maybe the top 11 in the nation. Fritz Sahl also has a coveted nomination.

Things do not look easier this week, as the Bonita opponent in the quarterfinals will be the Estancia High School Eagles from Costa Mesa. The Eagles lost only one game during the season, and that was to undefeated Edison by 2

They came from behind last Friday night to dump 4th-ranked Orange and gain a second round berth. They are a relatively small team that appears to have speed and balance. They mix running and passing very well

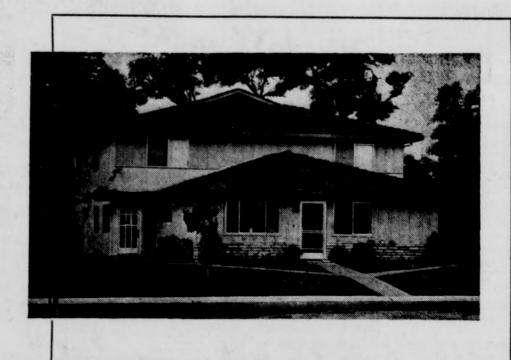

and are tough competitors. The game will be played Saturday night, Nov. 28, at Orange Coast College, Costa Mesa. Address is 2701 Fairview Road, Time

McKEON APARTMENT HOMES

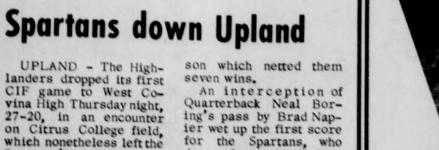

It's not surprising. Take a look at these beautiful 2-bedroom apartments yourself and you'll find it hard to believe that you can buy one for just \$15,500. To make it even easier to afford, you pay only \$500 down and \$121.58* a month. That modest amount buys you an apartment with double-thick walls, and nobody above or below you. It has a built-in kitchen. Air-conditioning. Wall-to-Wall carpeting. And your choice of decorator colors. At Villa La Verne you can enjoy all the benefits of home ownership and none of the drawbacks. You get to deduct taxes and interest from your income tax. But you don't have to worry about exterior maintenance and gardening, because it's all done for you. While you relax in the pool. Each Manor House has four apartments, with garages for all and a laundry room. You have a choice of four floor plans. But you won't have that choice for long, the way they're selling now. With everything they have going for them, it's not surprising they're going fast. So better drive out right away, anytime between 10 a.m. and 6 p.m.

VILLA LA VERNE McKEON APARTMENT

Cash Price	Down Payment	No. of Monthly Payments	Monthly Payments	Annual Percentage Rate
\$15,500	\$500	360	\$121.58*	9.25

*Monthly payments of \$121.58 plus taxes and insurance of approximately \$32 per month. Additional Homeowners Association dues of \$14 each month cover gardening, exterior maintenance, pool and all water. FHA financing.

It's not surprising. Take a look at these beautiful 2bedroom apartments yourself and you'll find it hard to believe that you can buy one for just \$15,500. To make it even easier to afford, you pay only \$500 down and \$121.58*

That modest amount buys you an apartment with double-thick walls, and nobody above or below you. It has a built-in electric kitchen. Air conditioning. Wall-to-wall carpeting. And your choice of decorator colors.

At Villa La Verne, you can enjoy all the benefits of home ownership and none of the drawbacks. You get to deduct taxes and interest from your income tax. But you don't have to worry about exterior maintenance and gardening, because it's all done for you. While you relax by the pool.

Each Manor House has four apartments, with garages for all and a laundry room.

You have your choice of four floor plans. But you won't have that choice for long, the way they're selling now.

With everything they have going for them, it's not surprising they're going fast. So better drive out right away, anytime between 10 A.M. and 6 P.M.
